

LIGHTIFY™ LED GardenSpot Mini RGB

Key Features & Benefits

- Home automation smart lighting controlled by smartphone or tablet
- Color Changing (Mixing Red, Green, Blue)
- Dimmable at each set color temperature
- Life: 20,000 hours rated life
- LIGHTIFY System is controllable from inside the home or on the go
- Control light sources with simple to use scenes and grouping via the LIGHTIFY App
- LED GardenSpot Mini is available as a product kit with 14 feet of 9 spots (includes power strip and controller) and as an expansion kit (3 spots only)

Light has never been so enriching, helpful, individual and networked. OSRAM LIGHTIFY brings the future of lighting into your home today. Experience intelligent, connected solutions that adapt at any time to your desires and lifestyle easily via existing mobile devices and a free, simple to use app.

The LIGHTIFY lighting system begins with a wireless Gateway (sold separately) that can be plugged into a standard wall outlet (outdoor rated outlet if outside) anywhere in your home or business, and wirelessly syncs with your existing WiFi network. The LIGHTIFY LED GardenSpot Mini RGB is a flexible, outdoor rated ambient light which can fit a variety of locations, perfect for enhancing any landscape and outdoor scene. The GardenSpot can be set to any color using the the free, user-friendly LIGHTIFY App. The app runs on Apple iOS7 or above and Android 4.1 or above, offers a variety of practical and playful options to control the lighting system, and is simple to use, convenient and secure.
