Meet your SmartSense™ Presence

The SmartSense™ Presence sensor lets you receive notifications about the location of a person or pet, or trigger different actions to take place when a person arrives or leaves home.

Installation Tips
SmartSense Presence works best if it’s within 15 feet (4.5 meters) of the SmartThings Hub when you connect it.

How to reset and reconnect a SmartSense Presence
Hold the Connect button for six seconds or until the LED light turns off. Tap '+' in the SmartThings mobile app and then press the Connect button (shown below) once.

Safety Instructions
- Read, keep and follow these instructions
- Heed all warnings.
- Do not use this product near water or expose the product to dripping or splashing of any water or liquid.
- Clean only with a dry cloth.
- Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that produce heat.
- Only use attachments and accessories specified by the manufacturer.

How to connect a SmartSense™ Presence
As you set up the SmartThings™ mobile app, you will see instructions that walk you through how to connect individual devices. You can also connect devices at any time by following these two steps:

1. Tap '+' in the SmartThings mobile app to add things.
2. Simply follow the on-screen prompts.

CAUTION: EXPLOSION HAZARD! BATTERY SUBSTITUTION WITH AN INCORRECT TYPE MAY RESULT IN FIRE AND/OR EXPLOSION WHEN CHARGED OR IN USE. REPLACE ONLY WITH THE SPECIFIED BATTERY TYPE. DISPOSE OF USED/STORAGE BATTERIES ACCORDING TO LOCAL REGULATIONS. FOR THE LOCATION OF THE NICKEL-METAL HYDRIDE BATTERY, SEE THE INSTRUCTIONS INCLUDED WITH THE BATTERY PACK.

Troubleshooting
Press and hold until the LED light turns off. Repeat if multiple devices connected. If the SmartThings hub is paired with other devices, the LED light will blink to indicate that the device is communicating with the hub. If the LED light remains off, the device is not communicating with the hub or there may be a connectivity issue.
